

[Product Description]

Our new 1140L highway tow pressure washer bowser features our tough, rotationally moulded polyethylene tank mounted on a galvanised tubular steel chassis. The large mounting plate accommodates the pressure washer unit and hose reel, which are protected by the tubular steel side bars. Mounted above the mudguards are large capacity stainless steel detergent and anti-freeze tanks, each with a liquid level gauge at the rear.

This product is ideally suited for use in the following applications:

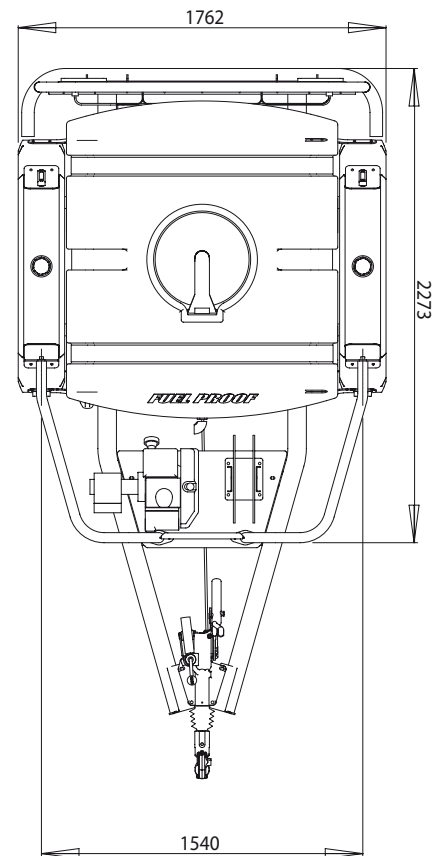

- ▶ Construction
- ▶ Industrial
- ▶ Council & municipal
- ▶ Agriculture

Pressure washer unit and hose reel
